

Is your child covered for his/her first visit?

Congratulations on the birth of your new child! We'd like to welcome him/her to Reading Pediatric Associates. In order to make sure your child is covered for his/her first visit do the following:

- Confirm that our office has a contract with your current insurance carrier.
- Call your insurance carrier to add the baby to the policy. Please note that some insurances only give you 30 days to enroll your newborn.
- Choose Reading Pediatric Associates and one of our physicians as your child's PCP.
- Make the insurance coverage, as well as the PCP, retroactive to your child's date of birth.
- Once your child is issued his/her insurance card. Bring the card in for us to scan for our records.

When are your child's next appointments?

These should be scheduled at the end of each visit.
